

Cruise Industry Expansion - New Ships, New Destinations!

More than 50 new cruise ships are expected to be launched through 2020, and the cruise companies will invest more than \$25 billion. Significant growth in the cruise industry means enhanced accommodations, services and onboard amenities for your clients! How do you benefit from this growth? More choices mean more options - clients who may not have thought of cruising before will have even more options! Consider turning shore excursion commission into added value to help you grow your client base and book more cabins.
